BRIEF ABSTRACT OF LETTER.

Forwards, duly vouched, a proposition statement in duplicate as also letter no. C 7627. 4.12.14 from the I.G.P. regarding the revision of the pay of the Drill Instructor, the constables of the C.I.D. and of the I.G.'s Office.

NOTES AND ORDERS.

1) The Comptroller states that the I.G. has been requested to point out a specific source to meet the extra expenditure of Rs 172 per mensem during the current year and that if no source is pointed out the ~~also~~ proposals, if sanctioned,

should take effect from the next official year.

2) The I.G. states that Drill Instructors should be graded as a separate class of petty officers

3) It is not ~~clear~~ clear what the proposal regarding the increase of pay to the constables of the I.G.'s office would in any way affect the I.G.'s proposals regarding the revision of his office establishment which ~~subd.~~ by him & which are pending ~~orders~~ with the Govt.

4) Subd. for orders with reference.

Please see para 1 of the IG's letter, enclosure to the Paper under disposal

5) The Drill Instructors now draw a pay of Rs 5+2 each. The IG proposes to increase their pay by Rs 5 each. The only ground urged by the IG for this increase is that the Drill Instructor must have ~~ability~~ status than the men whom he instructs

6) At the time of submitting ~~the proposals for the upgrading of the~~ the scheme of Investigating Centre the then IG remarked "In the various District Schemes and memoranda separate Drill Instructors have been proposed for each Taluq. With a view however to cut down

expenditure where possible, I am recommend that each Taluq should supply 1 non Drill Instructor ie one 1st class constable to whom an extra allowance of Rs 4 should be given." Government Sanctioned the Rs recommendation and thus verbally approved the principle.

7) When the pay of the constabulary was increased throughout the state by one Rupee in September 1913, the pay of the Drill Instructors was not revised and the question does not appear to have been raised or considered since Govt have already approved the principle of appointing 1st class constables as Drill Instructors with an allowance of Rs 4, & it is but just that their present pay should also be raised to Rs 9/- This will entail an increase of Rs 77 a month.

8) With regard to the recommendation of the Rs that their pay may be increased by Rs 4 in order to give them a better status, it may be stated that the allowance of Rs 4/- gives sufficiently broad difference between a 1st class constable and a Drill Instructor & if necessary this allowance may be consolidated in their pay, and the Drill Instructors kept as a separate class between the Constables and the Duffedars. It seems unnecessary to raise their pay to Rs 10/- and then give them an allowance

draws an allowance of Rs 5/- a month, and there is no good case made out for increasing their pay by 3 Rs. Now that the pay of the Constabulary has been raised, perhaps on principle the pay of the 4 Constables may be raised. ~~In the~~ It is for the "important duties" that they are expected to perform that they are given an allowance of Rs 5/- which seems quite sufficient.

10) The increase of pay to the constables of the office may be considered along with the question of the revision of the office establishment and cannot conveniently be dealt with here.

Final Note by the First Member of Council.

Subject:—

Increase of pay to the Taluk Drill Instructors and the constables of the Criminal Intelligence Department.

---

35) In his letter No.C.76 dated the 4th December 1914 the Inspector General of Police made the following recommendations:-

(1) that the 77 Taluk Drill Instructors who are mere police constables on Rs.8 with an allowance of Rs.2 each per mensem may be constituted into a separate class of officers with a salary of Rs.10+2,

(2) of the four constables of the Criminal Intelligence Department who are now getting Rs.7 per mensem, two may be given Rs.11 each and the other two Rs. 10 each per mensem and classed with the City constables to facilitate selection from among the City constabulary,

(3) the two constables attached to the Inspector General's Office who are now getting Rs.7 each per mensem may be given Rs.9 per mensem.

36) The Inspector General's proposals need not be sanctioned in their entirety. It is not necessary to constitute the constables imparting instruction in drill into a separate class. It is sufficient if their pay be brought to the level of the present first class constables of the District Police i.e. Rs.9 per mensem and their allowance of Rs.2 per mensem be continued so as to differentiate them from other constables. An increase of one rupee each to the pay of the constables of the Criminal Intelligence Department is enough. This will bring them to the level of the last class constable of the City. These

(14

constables may be included in the City force in order to enable the Inspector General to select proper men for the Criminal Intelligence Department. No orders are required regarding the increase of pay of the constables of the Inspector General's Office as the question of revising the menial establishment of that office is separately under consideration. The extra cost involved in the above arrangements is Rs.81 per mensem or Rs.972 per annum..

37) A draft order in accordance with the above views is put up for approval.

SIR,

I have the honor to forward herewith duly verified a proposition statement in duplicate for the revision of the pay of the Taluk Drill Instructors and the Constable of the C.I.D and the office of the Inspector General of Police with its covering letter No.C. 76 dated 4th December 1914 addressed to you.

2. The proposition is to raise the pay of two constables attached to the office of the Inspector General of Police and of 77 Taluk Drill Instructors by Rs.2/- each, and to grant increases of Rs.3/ each to two of the four constables in the C.I.D and of Rs.4/- each to the remaining two. The financial effect of the proposition is an increase of Rs.172/- per month or Rs.2,064/- per annum to the permanent recurring expenditure of the State.

3. The Inspector General has not pointed out any source from which the increased cost required for the current year may be met, but says in para 5 of his letter under advertence that it may be met from the special provision set apart for the improvements of several departments He has been asked to point out a specific source from which the extra

Govt. Proceedings No. J.3381-90 Pol.189-07-5 dated 4-5-1909.

Sir,

I have the honor to state that in approving of the re-distribution and re-allocation of the District Police, the Government were pleased to sanction 77 first class constables being treated as Taluk Drill Instructors, with an extra allowance of Rs.2/- each per mensem. In course of time, these men came to be recognized as Drill Instructors. While submitting proposals[x] for the revision of the District Police their case was reserved for consideration whether they should be classed with constables or treated as a separate class of petty officers between Daffedars and constables.

Vide my letter No.C.122 dated 20th June 1913.

2. From experience, all the District officers report that the present practice of deputing constables as Drill Instructors has not been working satisfactorily, for the reason that the instructor has no better status than the men, and that sometimes the Drill Instructor has to go in charge of small detachments of constables on duties, whenever there is a paucity of Daffedars on the spot, and are accordingly unanimous in opinion that the Drill Instructors should be of a higher status

21/19

I concur in their view and recommend that these 77 constable be graded as a separate class of petty officers as Taluk Drill Instructors on a salary of Rs.10÷2. These officers, while at headquarters can also with great advantage be utilized in supervising the patrols in towns and posting bea checking guards &c. The net increase in cost on this accoun would be Rs.1,848/- per annum.

3. There are two constables attached to the Chief Office and 4 in the C.I.D. and they all get only Rs.7/- each. The constables in the C.I.D. have very important duties to perform, requiring tact, perseverence, skill and also involving great personal risk, and they must besides be literate. Obviously therefore, suitable men for such work cannot be had for Rs.7/- a month. They may be classed with the City constal as regards their pay, with additional advantage and facilitie for selecting the proper men from among the city constabulary for the C.I.D. Two of them may be of 1st class on Rs.11/- eac and 2 of the 2nd class on Rs.10/- each, the extra expenditure on this score being Rs.168/- per annum.

4. The two constables in the Chief Office may be given Rs.9/- each per mensem, the increase on their account being Rs.48/- per annum.

5. All these items involve an extra expenditure of Rs.2064, per annum, as per proposition statement herewith submitted, which may be met from the special provision set apart for improvements of the several Departments, and I request that you may be so good as to obtain the sanction of Government thereto as early as possible.

I have the honor to be,
Sir,
Your most obedient servant,

Inspector General of Police.

General and Revenue Departments.

Sir,

With reference to your docket No. J.4146/P.220-14-2 dated 31st May 1915 stating that in the budget estimates the Drill Instructors allowance is tacked on to the 1st class constables whose pay is Rs. 9/- etc., I have the honor to state that the pay of the 1st class constable was Rs.8/- as per old scale, and the Drill Instructors were being appointed from among this 1st class of constables with an allowance of Rs. 2/-. In the revision of the pay of the District constables the Drill Instructors (77 in number) were excluded from the constabulary and their case was reserved for future consideration. They therefore did not participate in the general increase which the Government were graciously pleased to grant to the constabulary.

These 77 Drill Instructors should have been shown separately, as Drill Instructors, in the budget estimates with their pay and allowance as Rs. 8 plus 2 instead of having been merged in the present 2nd class constables

on Rs. 8/- each, and allowance alone being shown separately. This may be caused to be rectified in the future budget estimates.

The salary of the Drill Instructor at present, being only Rs. 8 plus 2 and not Rs. 9 plus 2, the extra cost, if Rs. 10 plus 2 is sanctioned would be Rs. 1,848/- per annum as verified by the Comptroller and not Rs.924/- as stated in the letter under reference.

I have the honor to be,

SIR,

In reply to your letter No. J 4147/Pol 220-14 3 dated 31st May 1915 calling attention to page 99 of the General Budget Estimates for 1914-15 where provision for the allowance of drill instructors is tacked on to 1st class constables and enquiring how the increased cost involved by the proposed revision of the pay of the drill instructors came to be shown as Rs. 1848, per annum, instead of as Rs. 924, per annum, I have the honour to inform you that drill instructors were being selected only from 1st grade constables prior to the revision of their pay from Rs. 8 to Rs. 9 in Government Order No. J 1085-94/Pol 256-12-5 dated the 25th September 1913 and provision for their allowances was therefore shown under 1st class constables. But as the Inspector General of Police has since made his selection from the 2nd grade of constables and the same has been approved of by Government in their order No. J 2527-8/Pol 282-13-2 dated 2nd February 1915, provision for their allowances will be shown in the current year's budget under constables, 1st and 2nd classes. This change, however, does not alter the budget provision as all constables of whatever class, would get an allowance of Rs. 2/- in addition to their pay if they act as drill instructors.

appoint 77 constables of the 2nd class who now draw Rs. 8/-, per mensem, as drill instructors on a pay of Rs. 10 plus 2, per mensem. At present, if these act as drill instructors they would draw only Rs. 8 plus 2, per mensem. Hence the additional cost involved by the Inspector General's proposition would be Rs. 2/ per drill instructor, per mensem. It will, therefore, be seen that the increased cost shown as 1848 per annum in my letter No 5912/B. & R. 905 dated the 10th February 1915 is correct,

3. I would however submit in this connection that it is a point for consideration wh t necessity there is for granting an ~~xdxxxxx~~ allowance of Rs. 2/- per mensem to each Drill Instructor when his post is proposed to be made quite distinct from those of the constables whose pay is fixed at only Rs. 9 and Rs. 8 and when he is given a consolidated pay of Rs. 10, per mensem which is equal to the emolument he is now getting as second class constable with the allowance.

4. The proposition statement received with your docket No. J 15/Pol 220-14-6 dated the 3rd July 1915 is herewith returned.

bring them to the level of the 2nd class of the city constables These four constables of the C.I.D. will be included in the city force in order to enable the I.G. to select proper men for the C.I.D

As the revision of the menial establishment of the I.G.'s office is already under the consideration of Govt. no orders are at present required regarding the question of raising the pay of the two constables attached to the office of the I.G.

The above arrangements involve an extra recurring expenditure of Rs 81 per mensem or Rs 972 per annum as detailed in the margin. The additional cost during the current year
